2

Diagram 2 illustrates the second step of the installation: mounting the door frame to the wall. The frame is shown being secured to a brick wall. A pencil is used to mark the wall at the top and bottom of the frame. A horizontal line with a triangle symbol and the text '+1,00' indicates the required height. The frame's width is marked with dimensions: 'X' for the total width, and '250' for the distance from the wall to the inner edge of the frame on both sides. The floor is shown with a tiled area and a gravel base.
