

BRAVO DP / DP CASE

UNDER-SINK FILTER HOUSINGS

A range of filter housings made up with patented and registered DP MONO, DP DUO and DP TRIO housings, BRAVO DP are especially designed for the installation under the kitchen sink, complete with standard quick-fit connections and dedicated tap, available as BRAVO DP MONO single housings, BRAVO DP DUO double housings and BRAVO DP TRIO triple housings.

Exclusive **BRAVO DP CASE with DP TRIO housings** in plastic case is a portable version of under-sink filters, complete with connection kit and dedicated tap.

All BRAVO DP housings fit to 10" cartridges with both standard SX flat seals (DOE) and BX quick-fit double o-ring end-cap, available from the wide range of Atlas Filtri cartridges SX and BX type. All housings are provided with Filter-Fit, special centering device for SX cartridges.

BRAVO DP housings are manufactured with the finest and most advanced materials under constant focus on innovative processing technologies and ceaseless modernization to ensure the absolute quality of our products.

Accessory spanner and wall brackets are provided with the package. A standing base for housings is available on demand.

Sanding bases for housings and UV lamps for water sterilization are available as accessory on demand.

SX cartridges with standard flat seals.

BX cartridges with 45 mm double o-ring collar. Quick-fit connection for a perfect tightening.

CERTIFICATIONS

Housings are tested and certified under the most stringent procedures worldwide, in compliance with DM 25 (Italy), with the sanitary certification ACS (France) and EAC/Ghostreghistracia (Russia).

ACCESSORIES INCLUDED

-X- spanner

Filterfit - cartridge centering device

kit for Bravo DP

SYMBOLS LEGEND

For domestic use

Filter housings made in PET, a highly recyclable plastic, are manufactured with a proprietary procedure saving up to 60% of energy in injection molding compared with standard plastics. That is one of Atlas Filtri commitments to comply with Kyoto Treaty for the reduction of green house gas (CO₂) emissions in the atmosphere.
